DETAILED ACTION

1. This is a response to the amendment submitted on March 27, 2006. Thus, claims 1-14 are currently presented in the instant application.

Allowable Subject Matter

2. Claims 1-14 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or fairly suggest an image display device comprising a video image, a lamp, a lamp power level calculator for calculating and outputting a driving power level of the lamp in accordance with a level of an input video signal, a lamp temperature controller for controlling a temperature of the lamp depending on a change in an input signal from the lamp power level calculator, and the output driving power level of the lamp varies as a monotonically increasing function of a dynamic range of the input video signal as recited in claim 1. Therefore, claims 2-14 are allowed since they are dependent on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
